### MedicAlert pairs medical IDs with live, 24/7 support for medical emergencies

MedicAlert is more than just a medical ID. With a MedicAlert membership, your ID is backed by our 24/7 support team. In an emergency, first responders have immediate access to your health record and the information they need to provide you with the best possible care.

### Here's how it works:

#### MedicAlert ID

Engraved with your critical information

Universally recognized, your ID signals first responders to call MedicAlert for your complete medical record and emergency contacts

#### MedicAlert Membership

24/7 live support team

First responders have access to your emergency record

Our Wandering Support service works with local law enforcement to quickly locate missing persons and reunite them with loved ones

#### Peace of Mind

Faster, more effective care

Control and secure access of your emergency record

Live your life with confidence knowing MedicAlert is behind you anywhere, anytime

## Why MedicAlert?
